Dr Carl Malone's F7F Tigercat on Final

Hi Folks,

We have had some great news that has impacted our hobby in a positive way. By now you have likely heard we are no longer required to register our models. The DC Court of Appeals struck down the FAA's registration requirement for recreational model aircraft. While this is definitely a positive action for our hobby, it may not be a permanent ruling but it does become effective immediately and for now you no longer are required to register your aircraft with the FAA. See the press release on the sidebar for more info.

In other news there has been a change at the San Angelo State Park. Our Park Superintendent Kurt Kemp has moved on and has been replaced by Jim Cisneros. We wish Kurt the best in his career and look forward to working with Mr. Cisneros as our new superintendent. For more information on this change please come to our meeting this week at Golden Corral Restaurant at 7:00PM and come a little early if you want to eat. Till next month please remember to fly safely!

*WHATS UP AT YOUR FIELD THIS MONTH*

Remember When..... Who... What Planes....?

These UMX Planes look great and fly great too. The wind was 10 mph + out of the east as usual for a Sunday but not much runway needed for these to fly and with AS3X they are very stable in the breeze. - Charlie Campbell

ARC Member and Treasurer Jimmy Gaona has repainted the Pilot Boxes and Hold Short Lines at the field. Please thank Jimmy for his hard work!
